**Notes:** Names in **bold** are some tunes commonly played at the jams  
**Keys:** "or" between key names means I've seen or heard the tune in other keys.  
 Keys separated by "," means different parts of the tune are in different keys.  
**Mode suffixes** (no suffix means major):  
 x: mixolydian (one sharp less than major mode)  
 d: dorian (minor; two sharps less than major — or one more sharp than minor)  
 m: minor (3 sharps less than major of same name)  
 Some are just noted as "modal" because that's how they were described. Some tunes, especially mixed-mode tunes, may be notated as different modes in different sources.

Some Old-Time tunes - Pete Showman, Dave Barton & Paul Barnett
